BORDER TACTICS AGAIN ENACTED

LONE BANDIT ROBS BANK IN THE HEART OF FORT WORTH.

GETS COIN AND DISAPPEARS

Cashier Looks Down the Muzzle of a Forty-Five and Delivers the Goods.

Fort Worth, Tex., June 22.—The branch of the Waggoner Bank and Trust Company, at 1416 Main street, two blocks north of the Texas and Pacific passenger station in one of the busiest sections of the city, was held up by a lone robber, armed with a six-shooter, at 4:05 o'clock this afternoon and practically looted of its cash.

The only occupant of the bank at the time of the occurrence was W. G. King, cashier, and when surprised by the robber he had his head drawn down, balancing his books (with the bank's money lying on the counter within reach).

The sum of \$8,195 was taken, nearly all of it in greenbacks. About \$1,000 in gold and silver was left behind. The robber, according to the statement of Mr. King, backed out of the door with the money under his coat and walked calmly away, turning south. King gave the alarm but the robber had disappeared completely.

At a late hour there was no clew and no arrest had been made.

The loss, according to Vice President T. B. Yarbrough, is fully covered by burglar insurance.

The Waggoner bank and Trust Com

pany is situated at the corner of Houston and Eighth streets, but it has a small branch located on lower Main street for the accommodation of its patrons in that section of the city. This branch is at No. 1416 and is in charge of W. G. King.

EIGHT-HOUR LAW HELD VALID.

Judge Doyle of Court of Criminal Appeals Renders Opinion—Other Cases Decided.

Guthrie, Ok., June 22.—Judge Doyle of the criminal court of Appeals in an opinion covering the conviction of G. L. Byars, a contractor, fined fifty dollars for violating the eight hour law, enacted by the First Legislature, held the statute to be constitutional and sustained the conviction found by the Logan county district court. The defendant was doing contract work in Guthrie, and it is alleged, worked his employees on a state job longer than eight hours for a day.

Other opinions by Judge Doyle were: H. J. (Doc) Salter vs. the State, appealed from Carter County, for alleged violation of liquor law, fined one hundred dollars and sentenced to serve sixty days in jail, reversed and ordered dismissed.

P. F. Tyler, application for writ of habeas corpus, charge forgery, from Blaine county, petitioner returned to custody of sheriff of Blaine county, to be held pending appeal of case.

Opinion per Guriankos C. Cavett vs. Territory, manslaughter, brought from Pottawatomie county, motion for rehearing overruled, court previously sustaining conviction of the district court.

Lee Stewart vs. the state, assault with deadly weapon, motion for rehearing denied.

25,000 CLUB WILL ENTERTAIN TONIGHT

COUNTY NORMAL TEACHERS WILL ALL ATTEND.

Speaking and Music Will Be the Leading Attractions.

Mrs. C. O. Barton and Mrs. Dr. Hodges this afternoon entertained the teachers of the county normal at the south side school building. Tonight they will meet with Ada citizens at the 25,000 club rooms where music and speaking will be the features of the evening.

The county normal has been a success from every standpoint and the people of this city are appreciative of their excellent work. Let every one who can possibly do so be present at the meeting this evening.

Ada Famous Abroad.

Ada has the reputation throughout the state of being a most prosperous little city. When an Adalite travels away from home these days invariably he hears good things about his home town. It makes one feel good, too.

All Off at Ada.

Last night when the south bound Frisco arrived at Ada and a stream of people were alighting from the train, a little girl ejaculated, "My, every body gets off at Ada."

FELLOW TOWNSMAN E. H. LUCAS HONORED

ELECTED DIRECTOR OF OKLAHOMA STATE BOARD OF COMMERCE AND PUBLICITY.

Organization Calculated to Be of Great Benefit to the New State.

An official letter from the headquarters in Muskogee to E. H. Lucas of this city, informs him that he has been elected a member of the board of directors of the Oklahoma State Board of Commerce and Publicity. This organization is one which has a most laudible purpose and will be of great benefit to the new state, and Ada is in luck to be represented by Mr. Lucas.

In every up-to-date, progressive city, there is generally found a live Commercial Club, to which the City owes, in a great measure, its growth, prosperity, development, and advancement along all lines of public interests and city improvements.

The Oklahoma State Board of Commerce and Publicity will do for the whole State of Oklahoma what the Commercial Club is doing for the City, and even more, as it proposes to interest itself in all questions of a state-wide nature, such as Transportation, Freight, Express, Telegraph and Telephone rate; Taxation; the Emigration of Successful Farmers to Oklahoma; the suggestion of needed laws; the establishment of manufacturing and other industries throughout the whole state; the development of the vast natural resources of the state; the perfection of a just and equitable system of taxation; the advertisement to the world the advantages Oklahoma presents in Agriculture, Manufacturing, Commercial and its vast natural resources.

In order to successfully accomplish these ends there must be a united and concerted action in all parts of the state by men in all classes of business, there must be no west side against the east side. There must be no one industry or class of legitimate business selfishly working against the interest of any other in the matter of taxation or development, all must work for the public good and upbuilding of the whole state of Oklahoma.

The Coal, Oil, Gas, Lumber, Agricultural Commercial, and Manufacturing interests should be willing to each bear their just and equitable burden of taxation, but none should be compelled to bear more than its just proportion.

Every citizen should be interested in the development of each and every resource, and labor to avoid any and all discrimination. This association needs members in every Town, City and County in the State of Oklahoma, for the greater the membership of the State Board of Commerce and Publicity, the greater good can be accomplished. Its usefulness and benefits can be measured by its strength in membership and every public-spirited citizen of the commonwealth of Oklahoma should be a member.

Takes Oath as Judge.

Guthrie, Ok., June 22.—Thomas H. Owen of Muskogee took the oath of office as a member of the criminal court of appeals, vice Judge H. G. Baker, also of Muskogee, resigned. The oath was administered by Associate Justice Williams of the Supreme Court. Judge Baker and the court exchanged letters of regret, and in leaving the bench, the retiring member delivered an address, to which response was made by Judge Doyle.

Attending the proceedings were Gov. and Mrs. Haskell, Adjt. Gen. and Mrs. Canton, Mrs. Henry Furman, Miss Furman, State Treasurer Meneff, Assistant Attorney Generals Spillman and Moore, Justices Williams, Hayes, Dunn and Turner of the Supreme Court; O. T. Smith, law clerk to Gov. Haskell; W. A. Ledbetter, chairman of the State bar committee, and Judge E. B. Perkins of Dallas, Tex. Gen. Baker becomes general counsel for the Mid-Continent Life Insurance company of Muskogee.

SECRETARY CROSS ON REFERENDUM

SAYS LEGALITY OF PETITIONS SHOULD BE PASSED UPON BY SUPREME COURT.

Not Safe to Incur the Expense of an Election Without Valid Referendum.

Guthrie, Ok., June 22.—Secretary of State Bill Cross issued a statement today regarding the referendum petitions filed by the Republican State committee upon the Taylor election law enacted by the last legislature, and suggests that it would be best for the people to have the legality of the petitions passed upon by the supreme court before an election is held. With this he cites the referendum vote upon the state dispensary question last November, which question the supreme court decided had not been submitted, as the people had generally understood.

Republican State Chairman Norris filed the referendum, according to the State's acceptance, on June 10, and a number of local democrats with in five days filed a protest, alleging that the law, by reason of carrying out provisions of the initiative and referendum, was in effect when signed by the governor on March 28. It was made the duty of the secretary of state to pass upon the protest and petitions, and, according to Secretary Cross, either party has the right of appeal.

After referring to the dispensary vote last November, which was a referendum by the legislature, the statement says:

"An intelligent people are presumed to profit by experience, and I am quite sure that Mr. Norris himself, as well as all of his committee, would prefer to have the legality of their petitions passed upon by the supreme court before an election is held thereon and large expense incurred.

"If their petitions are sufficient, legal in form and properly signed by a sufficient number of petitioners, they are entitled to vote of people. If they are not legal in form they certainly want to have question determined and correct their error before the people have been burdened with the expense of a campaign and an election.

"If Mr. Norris' petitions are sufficient the secretary of state and the supreme court will no doubt sustain them. On the other hand, if these petitions are insufficient, the secretary of state and the supreme court will no doubt point out the defects, just as the supreme court did in the referendum on the dispensary law last year, and thus settle the question one way or the other.

"If they find the petitions to be good the governor will refer them to the people for a vote. If they find the petitions to be bad Mr. Norris' committee will have an opportunity to correct its work by filing such new petitions as the law provides."

Jail Breaker Recaptured.

Constable Lee Price of Conway, one of the more dependable Pontotoc under officers came in this morning with Will Tidwell, one of the recent Coalgate jail breakers. Lee followed this alleged cow thief three days and finally captured him on Little River in Seminole county. Tidwell, when he broke jail took with him the jailor's gun, which was recaptured along with the prisoner.

Preparing for the Race.

The ring racks for the tournament race for the fourth of July celebration are being erected today and arrangements for daily practice by the contestants are being completed.

Much interest in this part of the program has already developed and it bids fair to be one of the most interesting features of the day.

SENATOR GORE

To the consternation of his oppon-
ents and to the admiration of the
whole country, Senator Gore of Okla-
homa has proved that blindness is by
no means the handicap that it is
supposed to be. As one person in ev-
ery thousand of population is blind,
the remarkable statistical tilt of Sen-
ator Gore with Senator Lodge, in
which the former came out victorious
is to thousands of people not only a
revelation, but an inspiration.

Since the founding of the Royal
Blind Asylum in Edinburg by blind
David Miller in 1791, we have waked
up to the fact that blindness does
not hinder intellectual power. The
world has been nobler because of
blind poets, better because of blind
preachers, stimulated by blind musi-
cians, and inspired by blind proph-
ets. In her remarkable papers, Helen
Keller says that sight is by no
means the major sense, and that
there are others far more valuable to
life.

Blindness insures an isolation im-
perative for the highest product of
the human intellect. The blind is a
concentrated essence of attention. Be-
cause he is not distracted, Senator
Gore can perform feats of memory
that would be impossible to a see-
ing man. The blind has also the ad-
vantage of being single in intention.
That is one reason why Mr. Gore
looks the tariff problem straight in
the heart. He is not wheedled from
his conviction, nor seduced from his
faith. He is impregnable, studious,
and in spite of his blindness, the
most all-seeing Democrat in the sen-
ate. No one can ever hold him in
contempt.

CORPORATION TAX IS DECIDED UPON

AMENDMENT TO TARIFF BILL
DISCUSSED BY REPUBLICAN
LEADERS.

Estimated \$25,000,000 Will Be Raised
for the Government.

Washington, June 22.—Details of
the proposed measure for the tax-
ation of net earnings of corpora-
tions, were arranged today at the
most important conference that has
been held at the white house since
Taft assumed the presidency.

There were present as the presi-
dent's guests at dinner Attorney
General Wickersham and Senator
Root, who are charged with the task
of drafting the measure; Secretary
of State Knox, Senators Aldrich,
Burrows, Penrose, Hale, Cullom,
Flint, Smoot, McCumber and Lodge,
constituting the republican mem-
bership of the senate finance committee.
Speaker Cannon, Representative
Payne, chairman of the house com-
mittee on ways and means, and Rep-
resentative John Dwight of New
York, the republican whip of the
house.

The terms of the measure, as fi-
nally agreed upon, although not fully
formulated, provide that all cor-
porations having capital stock and
organized for profit, shall pay a tax
of 2 per cent on their net earnings.

Corporations coming within that
designation will be compelled to
make returns to specially named
agents of the bureau of internal re-
venue of the treasury department,
giving the amount of their gross
receipts, capital stock, bonded in-
debtedness and all other gross re-
ceipts, capital stock, bonded in-
debtedness and all other visible debts.

Separated from these returns the
corporations will be compelled to
report the amount of their net re-
ceipts, after deducting their general
and ordinary running expenses, in-
terest on bonds up to the amount of
the capital stock of the corporation,
interest on notes and other forms of
tangible indebtedness, and any ac-
tual loss that may have been incur-
red in business, which loss was not
made up by insurance, salvage or

other form of returns.

Character of Losses.

The amendment will define the
character of losses which may be
deducted from the net earnings upon
which the tax is to be collected. These
losses will include bad ac-
counts of a mercantile corporation,
losses upon securities held by the
banks, uncollectible notes and all
other forms of bar debts which are
usually charged to profit and loss
accounts.

As has been stated before, the 2
per cent tax will apply to all cor-
porations organized for profit, but
each corporation will be allowed a
\$50,000 exemption, which means that
the tax will not be collected except
upon earnings in excess of \$5,000.

Any corporation which makes a
false report to an agent of the bu-
reau of internal revenue, who has
been designated to collect informa-
tion regarding earnings or has made
a fraudulent return upon any of the
subjects covered by the law will be
subjected to a penalty.

The tax will be collected on the
entire amount of preferred and com-
mon stock of every corporation and
upon the bonds of a corporation
where they exceed the total amount
of capital.

It is intended that the bill shall
become operative immediately on
passage of the bill. The life of the
measure was made indeterminate, in-
stead of two years, or some other
fixed limitation such as had been
originally suggested. The present
year's tax will be collectable July
1, 1910, the beginning of the next
fiscal year.

It was decided at the conference
that all operating insurance compa-
nies organized for profit shall be
brought within the terms of the pro-
posed corporation tax law.

Miss Mae Collins returned to her home in Roff, Tuesday after a few days visit with Ada friends.

Mrs. W. S. Creveling left Tuesday for Easton, Penn. where she will spend the summer with relatives.

Thomas Jefferson Pritchett, of Ennis, Tex., a veteran printer of the old school, passed through the city today en route home from Fort Smith, where he has been located for the past few weeks.

ADA NORMAL PLANS.

Plans Have Been Adopted—Construction Will Begin This Summer.

When Otis Weaver was in Guthrie lately, he found out that the state board of Normal Regents had adopted plans for the East Central Normal to be located at Ada. President of Board of State Supt. Cameron stated that in all essential details the Ada building would be a duplicate of the Weatherford state normal. The building will be in size 236x108 feet, three stories in height, will contain 43 rooms, will be constructed of pressed brick and finished in Carthage stone. It is the understanding that the state board of affairs will advertise for bids at once and it is thought that by the 1st of August construction will have been begun.

WALKOUT WILL AFFECT 2,000.

Strike to Be Called by Oklahoma City Building Trades Unionists to Aid Plumbers.

Oklahoma City, Ok., June 22.—At a meeting of the Oklahoma City Building Trades Council it was decided to call a strike on buildings in Oklahoma City where nonunion labor is employed with union men.

This action is to be taken in support of the journeymen plumbers, who have for the last three weeks been trying to effect a meeting with the master plumbers for the purpose of arbitration.

The date for the walk-out, which will affect 2,000 laboring men, was not decided. The executive committee is in session and may fix the date at any time.

Furman's Dinner at Guthrie.

Otis Weaver, who returned last evening from Guthrie makes news relation of a very nice event occurring at the home of Judge Furman Monday evening. The occasion was a dinner given by the Furmans' in honor of Judge H. G. Baker, only that day retiring as one of the members of the criminal court of appeals. At the dinner was present Presiding Judge Furman's other distinguished colleague on the criminal court of appeals, Judge Tom Doyle, Governor and Mrs. Haskell, Otis Weaver and S. Lipscomb, Furman's secretary.

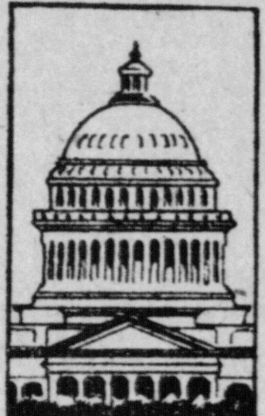

The numerous Ada friends of the Furmans who have in the past fed over at their always hospitable home will appreciate with what relish the guests must have partaken of this dinner of Mrs. Furman's preparation and with what niceness it was served. Sweet Miss Emma Jeane Cameron, little daughter of State Supt. of Schools E. D. Cameron, assisted the always captivating Miss Florence Furman in serving the dinner party.

Judge Baker in whose honor the dinner was given resigned from the state bench in order to accept the presidency of a million dollars insurance company lately organized in Oklahoma. Judge Tom Owen, distinguished Muskogee lawyer, has been appointed by Governor Haskell in his stead.

NOW COLLEGE GIRL

MISS HELEN TAFT STILL PURSUING HER STUDIES.

Will Have Little Time for the Frivolities of Washington Society—College Customs to Rule at White House.

When Miss Helen Taft, Bryn Mawr college for women, 1912, watched the inauguration of her father as president of the United States, the college girl came into her own indeed, into the highest social position in America. For the next four years, at least, the college girl will be featured in White House life.

The college girl of today is distinctive. And certainly Miss Helen Taft is just a little different from any other president's daughter who has gathered young friends around her in the capital's first mansion. The college girl is bookish yet not a bookworm or blue-stocking. The college girl is grammatical in speech, but she has the jolliest, chummiest jargon of slang that ever rolled from under a pink tongue. The college girl is a tremendous reader, keeping right in touch with all the movements of the day, yet she never neglects outdoor sports. The college girl is a social creature, but she uses society and does not allow society to use her. And above all things she dresses simply and does not marcel her hair.

All these things is Miss Helen Taft—and more, and there is no doubt that she means to establish college customs and entertain at the White House.

Just 18 is the new daughter of the White House, and she will spend comparatively little time in Washington, for she is now in her sophomore year at Bryn Mawr and will have only such holidays as fall to the lot of other students. Incidentally, Bryn Mawr is not the sort of college where a girl can shirk work or skip classes or lectures, so Miss Helen Taft's trips to Washington will be infrequent and brief.

This daughter of the new president is five feet, eight inches in height, with her mother's slenderness of figure and her father's dimpled chin. She has clear, rather deep blue eyes and a trick of looking right through you with them. Blue is her favorite color, dark blue for street wear, dainty pale colorings for house and evening frocks, and just a touch of blue somewhere if her gown be white.

If Miss Taft has her own way, the tennis courts will not depart from the White House grounds with the passing of the Roosevelt regime, for she is an ardent tennis player. She also swims and rides horseback, and keeps up a good pace when walking with brother or father.

She inherits her father's keen sense of humor, and his philosophic disposition, which is extremely fortunate in a young woman who, as the president's daughter, must face many trying situations and, perhaps, some unnecessary and unjust criticisms. From her mother she inherits extremely good taste in dress, and the fastidious will never be offended by seeing her appear in garish color combinations, wearing jewelry and ornately dressing her hair, as many girls of the day do.

Despite the fact that the Tafts have always been well to do, Miss Helen was taught by her mother to cook and to sew. Her domestic accomplishments are not limited to making fudge and Welsh rabbit in a college study, but she could step into her mother's shoes in an emergency and run the Taft menage without a hitch.

Unquestionably Washington's younger set will gain much by the acquisition of Miss Taft.

Senators Ride on Own Line.

With the longest list of directors of any rapid-transit line in the United States, the United States Senate Underground Transportation Company began business in Washington the other day. The line is a subway system, and its equipment at this time consists of one automobile. The route is an air line underground between the senate basement and the new senate office building. Every senator is a director, making a list of 92.

Members of the house heard of the transportation facilities of the senate and almost foamed at the mouth. The house has a subway to its office building, but up to this time its members have walked. Originally intended for a short electric line, the subway has not yet been equipped. When representatives learned that the senators were taking "joy rides" to and from the senate and the new building their indignation burst forth in flame.

The automobile used is open at either end and has a place for the operator in the center. It will carry ten thin or eight stout senators.

Librarian Kept Busy.

John J. Boobar, librarian of the house of representatives, is preparing a card index of the Congressional Record. To index the speeches of the Fifty-ninth congress alone required more than 20,000 cards. Mr. Boobar was appointed librarian from Minnesota and brought to his position a remarkable fund of energy. He says that no attaché of congress is worked so hard as to be in danger of nervous prostration from overwork and that he thought the best way to utilize his spare time was by doing something useful.

INJUNCTION CASES DISMISSED.

Railroad's Suits Regarding Shipping Cattle Into Osage County Now Up to County Court.

Guthrie, Ok., June 22.—Injunction proceedings brought in the Federal court by the Santa Fe, the Katy and the Midland Valley Railroad Companies against the county attorney of Osage county, to prevent interference in the shipping of Texas cattle to Osage county for grazing purposes, were dismissed today.

The county attorney had obtained an injunction against the railroads in the county court. The dismissal of the federal cases leaves the matter with the Osage county court.

In the meantime the railroads have completed the spring shipments into Osage county.

AID TO MRS. TAFT

MISS ALICE BLECH CHOSEN FOR RESPONSIBLE POSITION.

Will Fulfill the Duties of Social Clerk to the Mistress of the White House—Post Is Most Important.

Washington.—Women and men in the social world of Washington have watched with keen interest for the first indication of the manner in which Mrs. Taft would conduct the social side of her duties as White House hostess. Those who have known her best in her official life in the Philippines and in Washington pretty clearly foretold

just what would happen—the selection of a social clerk to execute her orders and the taking upon her own shoulders the full responsibility of the social side of Mr. Taft's administration as president.

After careful consideration Mrs. Taft selected Miss Alice Blech, until a few days ago a clerk in the bureau of American republics. She was so self-possessed, so modest, so businesslike and so altogether capable that when brought to Mrs. Taft's attention she was promptly chosen. In outlining her work in a general way Mrs. Taft came to believe that a woman who would have to devote more than two-thirds of her time to assisting the nation's hostess in meeting guests pouring tea, shopping, walking, driving, etc., as well as generally acting as chaperon for the younger members of the family, would have but little time to devote to the clerical work of the position. Besides, Mrs. Taft had said that she never had had a social secretary and never wanted one.

From all this it must not be inferred that Miss Blech will have no responsibility upon her shoulders. She will not take the initiative in anything, but she will have a man's work to do, and will perform the tasks which were usually divided among two or three men.

Miss Blech must have at her finger tips all of the necessary references in the way of social registers, diplomatic lists, congressional directories, etc. She must study the subject of precedence in its most serious phases, and she must sort the living from the dead.

There are thousands of letters sent to a president's wife every month, including congratulations, appeals for help, letters from business men and

women soliciting trade, and letters from societies and organizations, and especially from church societies asking for some thing, like a handkerchief, an autographed picture or similar trifle, to be raffled. Answers to these will be dictated to or written by the secretary. Mrs. Taft has a large personal correspondence, including members of her family and intimate friends to all of whom she will write personally, as she has always done.

To Those Who Know.

I would have the mourners grieve all their sorrow out, and not stay from dwelling on their loss; without fully realizing this, they cannot begin to retrieve it. "Keep before you" I would conjure them, "the vision of the face, the form, you shall see no more on earth, and let it pass only of itself, hoping, longing for its return when it fades away. But do not frame this image from the memories of the dead in their hours of sickness, or even in the hours after pain when they take on the majesty and beauty of eternal peace. Those hours are but as instants in the long tale of the years that went before. Return in your tenderness, turn again in your despair, to the records of those happier years, and reconstruct from them the truer likeness of your beloved. See him gay and glad, full of life and purpose, of work and play, of jest and earnest, such as he veritably was, and do not wrong him by the presentment of his suffering or its mortal surcease. Make him your own again, by putting this out of your thoughts, and inviting into them the semblance of him when his life was the habit of your own, and he was most himself in some fortunate, some joyous moments."—William Dean Howells, in Harper's Bazar.

The Red Room a Quaint Place.
Under the new regime in Washington one of the most interesting spots in the White House will be the Red room, in which Taft will place his teakwood and silver gifts from other lands. The Red room is less crowded than any of the other state rooms, and has little in the way of accessories except the cabinet of ebony, filled with tiny Japanese figures, presented to the Roosevelt children by the Japanese ambassador, Baron Takahira. These figures would look better in a museum, and it is likely they will go there.

Now a Colonial Dame.
Mrs. William Howard Taft has been elected a member of a Connecticut society of the Colonial Dames of America, because of her descent from Gov. Welles, one of the early governors of the state. Her mother was Harriet Collins, whose maternal grandfather graduated from Yale in 1786. His wife was Charity Welles, descended from the governor.

BORDER TACTICS AGAIN ENACTED

LONE RANDIT ROBS BANK IN THE HEART OF FORT WORTH.

GETS COIN AND DISAPPEARS

Cashier Looks Down the Muzzle of a Forty-Five and Delivers the Goods.

Fort Worth, Tex., June 22.—The branch of the Waggoner Bank and Trust Company, at 1416 Main street, two blocks north of the Texas and Pacific passenger station in one of the busiest sections of the city, was held up by a lone robber, armed with a six-shooter, at 4:05 o'clock this afternoon and practically looted of its cash.

The only occupant of the bank at the time of the occurrence was W. C. King, cashier, and when surprised by the robber he had his head drawn down, balancing his books with the bank's money lying on the counter within reach.

The sum of \$8,195 was taken, nearly all of it in greenbacks. About \$1,000 in gold and silver was left behind. The robber, according to the statement of Mr. King, backed out of the door with the money under his coat and walked calmly away, turning south. King gave the alarm but the robber had disappeared completely.

At a late hour there was no clue and no arrest had been made.

The loss, according to Vice President T. B. Yarborough, is fully covered by burglar insurance.

The Waggoner bank and Trust Com

pany is situated at the corner of Houston and Eighth streets, but it has a small branch located on lower Main street for the accommodation of its patrons in that section of the city. This branch is at No. 1406 and is in charge of W. G. King.

EIGHT-HOUR LAW HELD VALID.

Judge Doyle of Court of Criminal Appeals Renders Opinion—Other Cases Decided.

Guthrie, Ok., June 22.—Judge Doyle of the criminal court of Appeals in an opinion covering the conviction of G. L. Byars, a contractor, fined fifty dollars for violating the eight hour law, enacted by the First Legislature, held the statute to be constitutional and sustained the conviction found by the Logan county district court. The defendant was doing contract work in Guthrie, and it is alleged, worked his employees on a state job longer than eight hours for a day. Other opinions by Judge Doyle were: H. J. (Doc) Salter vs. the State, appealed from Carter County, for alleged violation of liquor law, fined one hundred dollars and sentenced to serve sixty days in jail, reversed and ordered dismissed.

P. F. Tyler, application for writ of habeas corpus, charge forgery, from Blaine county, petitioner returned to custody of sheriff of Blaine county, to be held pending appeal of case.

Opinion per Gurnamkos C. Cavett vs. Territory, manslaughter, brought from Pottawatomie county, motion for rehearing overruled, court previously sustaining conviction of the district court.

Lee Stewart vs. the state, assault with deadly weapon, motion for rehearing denied.

FELLOW TOWNSMAN E. H. LUCAS HONORED

ELECTED DIRECTOR OF OKLAHOMA STATE BOARD OF COMMERCE AND PUBLICITY.

Organization Calculated to Be of Great Benefit to the New State.

An official letter from the headquarters in Muskogee to E. H. Lucas of this city, informs him that he has been elected a member of the board of directors of the Oklahoma State Board of Commerce and Publicity. This organization is one which has a most laudable purpose and will be of great benefit to the new state, and Ada is in luck to be represented by Mr. Lucas.

In every up-to-date, progressive city, there is generally found a live Commercial Club, to which the City owes, in a great measure, its growth, prosperity, development, and advancement along all lines of public interests and city improvements.

The Oklahoma State Board of Commerce and Publicity will do for the whole State of Oklahoma what the Commercial Club is doing for the City, and even more, as it proposes to interest itself in all questions of a state-wide nature, such as Transportation, Freight, Express, Telegraph and Telephone rates; Taxation; the Emigration of Successful Farmers to Oklahoma; the suggestion of needed laws; the establishment of manufacturing and other industries throughout the whole state; the development of the vast natural resources of the state; the perfection of a just and equitable system of taxation; the advertisement to the world of the advantages Oklahoma presents in Agriculture, Manufacturing, Commercial and its vast natural resources.

In order to successfully accomplish these ends there must be a united and concerted action in all parts of the state by men in all classes of business, there must be no west side against the east side. There must be no one industry or class of legitimate business selfishly working against the interest of any other in the matter of taxation or development, all must work for the public good and upbuilding of the whole state of Oklahoma.

The Coal, Oil, Gas, Lumber, Agricultural Commercial, and Manufacturing interests should be willing to each bear their just and equitable burden of taxation, but none should be compelled to bear more than its just proportion.

Every citizen should be interested in the development of each and every resource, and labor to avoid any and all discrimination. This association needs members in every Town, City and County in the State of Oklahoma, for the greater the membership of the State Board of Commerce and Publicity, the greater good can be accomplished. Its usefulness and benefits can be measured by its strength in membership and every public-spirited citizen of the commonwealth of Oklahoma should be a member.

Takes Oath as Judge.

Guthrie, Ok., June 22.—Thomas H. Owen of Muskogee took the oath of office as a member of the criminal court of appeals, vice Judge H. G. Baker, also of Muskogee, resigned. The oath was administered by Associate Justice Williams of the Supreme Court. Judge Baker and the court exchanged letters of regret, and in leaving the bench, the retiring member delivered an address, to which response was made by Judge Doyle.

Attending the proceedings were Gov. and Mrs. Haskell, Adjt. Gen. and Mrs. Canton, Mrs. Henry Furman, Miss Furman, State Treasurer Menefee, Assistant Attorney General Spillman and Moore, Justices Williams, Hayes, Dunn and Turner of the Supreme Court; O. T. Smith, law clerk to Gov. Haskell; W. A. Ledbetter, chairman of the State bar committee, and Judge E. B. Perkins of Dallas, Tex. Gen. Baker becomes general counsel for the Mid-Continent Life Insurance company of Muskogee.

SECRETARY CROSS ON REFERENDUM

SAYS LEGALITY OF PETITIONS SHOULD BE PASSED UPON BY SUPREME COURT.

Not Safe to Incur the Expense of an Election Without Valid Referendum.

Guthrie, Ok., June 22.—Secretary of State Bill Cross issued a statement today regarding the referendum petitions filed by the Republican State committee upon the Taylor election law enacted by the last legislature, and suggests that it would be best for the people to have the legality of the petitions passed upon by the supreme court before an election is held. With this he cites the referendum vote upon the state dispensary question last November, which question the supreme court decided had not been submitted, as the people had generally understood.

Republican State Chairman Norris filed the referendum, according to the State's acceptance, on June 30, and a number of local democrats with in five days filed a protest, alleging that the law, by reason of carrying out provisions of the initiative and referendum, was in effect when signed by the governor on March 28. It was made the duty of the secretary of state to pass upon the protest and petitions, and, according to Secretary Cross, either party has the right of appeal.

After referring to the dispensary vote last November, which was a referendum by the legislature, the statement says:

"An intelligent people are presumed to profit by experience, and I am quite sure that Mr. Norris himself, as well as all of his committee, would prefer to have the legality of their petitions passed upon by the supreme court before an election is held thereon and large expense incurred.

"If their petitions are sufficient, legal in form and properly signed by a sufficient number of petitioners, they are entitled to vote of people. If they are not legal in form they certainly want to have question determined and correct their error before the people have been burdened with the expense of a campaign and an election.

"If Mr. Norris' petitions are sufficient the secretary of state and the supreme court will no doubt sustain them. On the other hand, if these petitions are insufficient, the secretary of state and the supreme court will no doubt point out the defects, just as the supreme court did in the referendum on the dispensary law last year, and thus settle the question one way or the other.

"If they find the petitions to be good the governor will refer them to the people for a vote. If they find the petitions to be bad Mr. Norris' committee will have an opportunity to correct its work by filing such new petitions as the law provides."

SENATOR GORE

To the consternation of his oppo-
nents and to the admiration of the
whole country, Senator Gore of Okla-
homa has proved that blindness is by
no means the handicap that it is
supposed to be. As one person in ev-
ery thousand of population is blind,
the remarkable statistical tilt of Sen-
ator Gore with Senator Lodge, in
which the former came out victorious
is to thousands of people not only
a revelation, but an inspiration.

Since the founding of the Royal
Blind Asylum in Edinburgh by blind
David Miller in 1791, we have waked
up to the fact that blindness does
not hinder intellectual power. The
world has been nobler because of
blind poets, better because of blind
preachers, stimulated by blind mus-
icians, and inspired by blind proph-
ets. In her remarkable papers, Helen
Keller says that "sight is by no
means the major sense, and that
there are others far more valuable to
life."

Blindness insures an isolation im-
perative for the highest product of
the human intellect. The blind is a
concentrated essence of attention. Be-
cause he is not distracted, Senator
Gore can perform feats of memory
that would be impossible to a see-
ing man. The blind has also the ad-
vantage of being single in intention.
That is one reason why Mr Gore
looks the tariff problem straight in
the heart. He is not wheedled from
his conviction, nor seduced from his
faith. He is impregnable, studious,
and in spite of his blindness, the
most all-seeing Democrat in the sen-
ate. No one can ever hold him in
contempt.

**CORPORATION TAX IS
DECIDED UPON**

**AMENDMENT TO TARIFF BILL
DISCUSSED BY REPUBLICAN
LEADERS.**

Estimated \$25,000,000 Will Be Raised
for the Government.

Washington, June 22.—Details of
the proposed measure for the tax-
ation of net earnings of corpora-
tions, were arranged today at the
most important conference that has
been held at the white house since
Taft assumed the presidency.

There were present as the presi-
dent's guests at dinner Attorney
General Wickersham and Senator
Root, who are charged with the task
of drafting the measure; Secretary
of State Knox, Senators Aldrich,
Burrows, Penrose, Hale, Cullom,
Flint, Smoot, McCumber and Lodge,
constituting the republican member-
ship of the senate finance committee.
Speaker Cannon, Representative
Payne, chairman of the house com-
mittee on ways and means, and Rep-
resentative John Dwight of New
York, the republican whip of the
house.

The terms of the measure, as fi-
nally agreed upon, although not fully
formulated, provide that all cor-
porations having capital stock and
organized for profit, shall pay a tax
of 2 per cent on their net earnings.

Corporations coming within that
designation will be compelled to
make returns to specially named
agents of the bureau of internal re-
venue of the treasury department,
giving the amount of their gross
receipts, capital stock, bonded in-
debtedness and all other gross re-
ceipts, capital stock, bonded indebt-
edness and all other visible debts.

Separated from these returns the
corporations will be compelled to
report the amount of their net re-
ceipts, after deducting their general
and ordinary running expenses, in-
terest on bonds up to the amount of
the capital stock of the corporation,
interest on notes and other forms of
tangible indebtedness, and any ac-
tual loss that may have been incur-
red in business, which loss was not
made up by insurance, salvage or

Character of Losses.

The amendment will define the
character of losses which may be
deducted from the net earnings upon
which the tax is to be collected.
These losses will include bad ac-
counts of a mercantile corporation,
losses upon securities held by the
banks, uncollectible notes and all
other forms of bar debts which are
usually charged to profit and loss
accounts.

As has been stated before, the 2
per cent tax will apply to all cor-
porations organized for profit, but
each corporation will be allowed a
\$50,000 exemption, which means that
the tax will not be collected except
upon earnings in excess of \$5,000.

Any corporation which makes a
false report to an agent of the bu-
reau of internal revenue, who has
been designated to collect informa-
tion regarding earnings or has made
a fraudulent return upon any of the
subjects covered by the law will be
subjected to a penalty.

The tax will be collected on the
entire amount of preferred and com-
mon stock of every corporation and
upon the bonds of a corporation
where they exceed the total amount
of capital.

It is intended that the bill shall
become operative immediately upon
passage of the bill. The life of the
measure was made indeterminate, in-
stead of two years, or some other
fixed limitation such as had been
originally suggested. The present
year's tax will be collectable July
1, 1910, the beginning of the next
fiscal year.

It was decided at the conference
that all operating insurance com-
panies organized for profit shall be
brought within the terms of the pro-
posed corporation tax law.

ADA NORMAL PLANS.

Plans Have Been Adopted—Construction Will Begin This Summer.

When Otis Weaver was in Guthrie lately he found out that the state board of Normal Regents had adopted plans for the East Central Normal to be located at Ada. President of Board of State Supt. Cameron stated that in all essential details the Ada building would be a duplicate of the Weatherford state normal. The building will be in size 25x108 feet three stories in height will contain 4 rooms will be constructed of pressed brick and finished in Carthage stone. It is the understanding that the state board of affairs will divert the funds at once and it is thought that by the 1st of August construction will have been begun.

WALKOUT WILL AFFECT 2,000

Strike to Be Called by Oklahoma City Building Trades Unionists to Aid Plumbers.

Oklahoma City, Ok. June 22.—At a meeting of the Oklahoma City Building Trades Council it was decided to call a strike on buildings in Oklahoma City where nonunion labor is employed with union men.

This action is to be taken in support of the journeymen plumbers who have for the last three weeks been trying to effect a meeting with the master plumbers for the purpose of arbitration.

The date for the walk out which will affect 2,000 laboring men was not decided. The executive committee is in session and may fix the date at any time.

Furman's Dinner at Guthrie.

Otis Weaver who returned last evening from Guthrie makes news relation of a very nice event occurring at the home of Judge Furman Monday evening. The occasion was a dinner given by the Furmans in honor of Judge H. G. Baker only that day retiring as one of the members of the criminal court of appeals. At the dinner was present Presiding Judge Furman's other distinguished colleague on the criminal court of appeals Judge Tom Doyle Governor and Mrs. Haskell Otis Weaver and S. Lipscomb Furman's secretary.

The numerous Ada friends of the Furmans who have in the past fed over at their always hospitable home will appreciate with what relish the guests must have partaken of this dinner of Mrs. Furman's preparation and with what niceness it was served. Sweet Miss Emma Jeane Cameron little daughter of State Supt. of Schools E. D. Cameron assisted the always captivating Miss Florence Furman in serving the dinner party.

Judge Baker in whose honor the dinner was given resigned from the state bench in order to accept the presidency of a million dollars insurance company lately organized in Oklahoma. Judge Tom Owen distinguished Muskogee lawyer has been appointed by Governor Haskell in his stead.

NOW COLLEGE GIRL

MISS HELEN TAFT STILL PURSUING HER STUDIES

Will Have Little Time for the Frivolities of Washington Society—College Customs to Rule at White House

When Miss Helen Taft Bryn Mawr college for women 1912 watched the inauguration of her father as president of the United States the college girl came into her own indeed into the highest social position in America. For the next four years at least the college girl will be featured in White House life.

The college girl of today is distinctive. And certainly Miss Helen Taft is just a little different from any other president's daughter who has gathered young friends around her in the capital's first mansion.

The college girl is bookish yet not a bookworm or blue stocking. The college girl is grammatical in speech but she has the jolliest chummiest jargon of slang that ever rolled from under a pink tongue. The college girl is a tremendous reader keeping right in touch with all the movements of the day yet she never neglects outdoor sports. The college girl is a social creature but she uses society and does not allow society to use her. And above all things she dresses simply and does not marcel her hair.

All these things is Miss Helen Taft—and more and there is no doubt that she means to establish college customs and entertain at the White House.

Just 18 is the new daughter of the White House and she will spend comparatively little time in Washington, for she is now in her sophomore year at Bryn Mawr and will have only such holidays as fall to the lot of other students. Incidentally Bryn Mawr is not the sort of college where a girl can shirk work or skip classes or lectures, so Miss Helen Taft's trips to Washington will be infrequent and brief.

This daughter of the new president is five feet eight inches in height with her mother's slenderness of figure and her father's dimpled chin. She has clear rather deep blue eyes and a trifle of looking right through you with them. Blue is her favorite color, dark blue for street wear dainty pale colorings for home and evening frocks. And just a touch of blue somewhere if her gown be white.

Miss Taft has her own way the tennis courts will not depart from the White House grounds with the passing of the Roosevelt regime for she is an ardent tennis player. She also swims and rides horseback and keeps up a good pace when walking with brother or father.

She inherits her father's keen sense of humor and his philosophic disposition which is extremely fortunate in a young woman who as the president's daughter must face many trying situations and perhaps some unnecessary and unjust criticisms. From her mother she inherits extremely good taste in dress and the fastidious will never be offended by seeing her appear in garish color combinations wearing jewelry and ornately dressing her hair as many girls of the day do.

Despite the fact that the Tafts have always been well to do Miss Helen was taught by her mother to cook and to sew. Her domestic accomplishments are not limited to making fudge and Welsh rabbit in a college study but she could step into her mother's shoes in an emergency and run the Taft menage without a hitch.

Unquestionably Washington's younger set will gain much by the acquisition of Miss Taft.

Senators Ride on Own Line

With the longest list of directors of any rapid transit line in the United States the United States Senate Underground Transportation Company began business in Washington the other day. The line is a subway system and its equipment at this time consists of one automobile. The route is an air line underground between the senate basement and the new senate office building. Every senator is a director making a list of 92.

Members of the house heard of the transportation facilities of the senate and almost foamed at the mouth. The house has a subway to its office building but up to this time its members have walked. Originally intended for a short electric line the subway has not yet been equipped. When representatives learned that the senators were taking for rides to and from the senate and the new building their indignation burst forth in flame.

The automobile used is open at either end and has a place for the operator in the center. It will carry ten thin or eight stout senators.

Librarian Kept Busy

John J. Boobar librarian of the house of representatives is preparing a card index of the Congressional Record. To index the speeches of the Fifty-ninth congress alone required more than 20,000 cards. Mr. Boobar was appointed librarian from Minnesota and brought to his position a remarkable fund of energy. He says that no attaché of congress is worked so hard as to be in danger of nervous prostration from overwork and that he thought the best way to utilize his spare time was by doing something useful.

Railroad's Suits Regarding Shipping Cattle Into Osage County Now Up to County Court.

Guthrie, Ok. June 22.—Injunction proceedings brought in the Federal court by the Santa Fe the Katy and the Midland Valley Railroad Companies against the county attorney of Osage county to prevent interference in the shipping of Texas cattle to Osage county for grazing purposes were dismissed today.

The county attorney had obtained an injunction against the railroads in the county court. The dismissal of the federal cases leaves the matter with the Osage county court.

In the meantime the railroads have completed the spring shipments into Osage county.

AID TO MRS. TAFT

MISS ALICE BLECH CHOSEN FOR RESPONSIBLE POSITION.

Will Fulfill the Duties of Social Clerk to the Mistress of the White House—Post is Most Important.

Washington—Women and men in the social world of Washington have watched with keen interest for the first indication of the manner in which Mrs. Taft would conduct the social side of her duties as White House hostess. Those who have known her best in her social life in the Philippines and in Washington pretty clearly foretold the selection of a social clerk to execute her orders and the taking upon her own shoulders the full responsibility of the social side of Mr. Taft's administration.

After careful consideration Mrs. Taft selected Miss Alice Blech, until a few days ago a clerk in the bureau of American republics. She was so self possessed so modest, so business like and so altogether capable that when brought to Mrs. Taft's attention she was promptly chosen. In outlining her work in a general way Mrs. Taft came to believe that a woman who would have to devote more than two thirds of her time to assisting the nation's hostess in meeting guests pouring tea, shopping, walking, driving, etc., as well as generally acting as chaperon for the younger members of the family, would have but little time to devote to the clerical work of the position. Besides, Mrs. Taft had said that she never had had a social secretary and never wanted one.

From all this it must not be inferred that Miss Blech will have no responsibility upon her shoulders. She will not take the initiative in any thing, but she will have a man's work to do, and will perform the tasks which were usually divided among two or three men.

Miss Blech must have at her finger tips all of the necessary references in the way of social registers, diplomatic lists, congressional directories, etc. She must study the subject of precedence in its most serious phases, and she must sort the living from the dead.

There are thousands of letters sent to a president's wife every month, including congratulations, appeals for help, letters from business men and

women soliciting trade, and letters from societies and organizations, and especially from church societies asking for some thing. Like a handkerchief, an autographed picture or similar trifle, to be raffled. Answers to these will be dictated to or written by the secretary. Mrs. Taft has a large personal correspondence, including members of her family and intimate friends to all of whom she will write personally, as she has always done.

To Those Who Know.

I would have the mourners grieve all their sorrow out, and not stay from dwelling on their loss, without fully realizing this, they cannot begin to retrieve it. Keep before you I would conjure them the vision of the face, the form you shall see no more on earth, and let it pass only of itself, hoping longing for its return when it fades away. But do not frame this image from the memories of the dead in their hours of sickness, or even in the hours after pain when they take on the majesty and beauty of eternal peace. Those hours are but as instants in the long tale of the years that went before. Return in your tenderness, turn again in your despair, to the records of those happier years, and reconstruct from them the truer likeness of your beloved. See him gay and glad, full of life and purpose, of work and play, of jest and earnest such as he veritably was, and do not wrong him by the presentment of his suffering or its mortal surcease. Make him your own again, by putting this out of your thoughts, and inviting into them the semblance of him when his life was the habit of your own and he was most himself in some fortunate, some joyous moments.—William Dean Howells, in Harper's Bazar

The Red Room a Quaint Place.

Under the new regime in Washington one of the most interesting spots in the White House will be the Red room in which Taft will place his teakwood and silver gifts from other lands. The Red room is less crowded than any of the other state rooms, and has little in the way of accessories except the cabinet of ebony, filled with tiny Japanese figures, presented to the Roosevelt children by the Japanese ambassador, Baron Takahira. These figures would look better in a museum, and it is likely they will go there.

Now a Colonial Dame.

Miss William Howard Taft has been elected a member of a Connecticut society of the Colonial Dames of America, because of her descent from Gov. Welles, one of the early governors of the state. Her mother was Harriet Collins whose maternal grandfather graduated from Yale in 1786. His wife was Charly Welles, descended from the governor.

LONE BANDIT ROBS BANK IN THE HEART OF FORT WORTH.

SETS COIN AND DISAPPEARS

Cashier Looks Down the Muzzle of a Forty-Five and Delivers the Goods.

Fort Worth, Tex., June 22.—The branch of the Waggoner Bank and Trust Company, at 1416 Main street, two blocks north of the Texas and Pacific passenger station in one of the busiest sections of the city, was held up by a lone robber, armed with a six-shooter, at 4:05 o'clock this afternoon and practically looted of its cash.

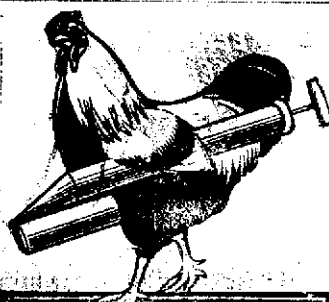

The only occupant of the bank at the time of the occurrence was W. G. King, cashier, and when surprised by the robber he had his head drawn down, balancing his books with the bank's money lying on the counter within reach.

The sum of \$3,195 was taken, nearly all of it in greenbacks. About \$1,000 in gold and silver was left behind. The robber, according to the statement of Mr. King, backed out of the door with the money under his coat and walked calmly away, turning south. King gave the alarm but the robber had disappeared completely.

At a late hour there was no clew and no arrest had been made.

The loss, according to Vice President T. B. Yarbrough, is fully covered by burglar insurance.

EIGHT-HOUR LAW HELD VALID.

Judge Doyle of Court of Criminal Appeals Renders Opinion—Other Cases Decided.

Guthrie, Ok., June 22.—Judge Doyle of the criminal court of Appeals in an opinion covering the conviction of G. L. Byars, a contractor, fined fifty dollars for violating the eight hour law, enacted by the First Legislature, held the statute to be constitutional and sustained the conviction found by the Logan county district court. The defendant was doing contract work in Guthrie, and it is alleged, worked his employees on a state job longer than eight hours for a day. Other opinions by Judge Doyle were: H. J. (Doc) Salter vs. the State, appealed from Carter County, for alleged violation of liquor law, fined one hundred dollars and sentenced to serve sixty days in jail, reversed and ordered dismissed.

P. F. Tyler, application for writ of habeas corpus, charge forgery, from Blaine county, petitioner returned to custody of sheriff of Blaine county, to be held pending appeal of case.

Opinion per Curiam of C. Cavett vs. Territory, manslaughter, brought from Pottawatomie county, motion for rehearing overruled, court previously sustaining conviction of the district court.

Lee Stewart vs. the state, assault with deadly weapon, motion for rehearing denied.

FELLOW TOWNSMAN E. H. LUCAS HONORED

ELECTED DIRECTOR OF OKLAHOMA STATE BOARD OF COMMERCE AND PUBLICITY.

Organization Calculated to Be of Great Benefit to the New State.

An official letter from the headquarters in Muskogee to E. H. Lucas of this city, informs him that he has been elected a member of the board of directors of the Oklahoma State Board of Commerce and Publicity. This organization is one which has a most laudable purpose and will be of great benefit to the new state, and Ada is in luck to be represented by Mr. Lucas.

In every up-to-date, progressive city, there is generally found a live Commercial Club, to which the City owes, in a great measure, its growth, prosperity, development, and advancement along all lines of public interests and city improvements.

The Oklahoma State Board of Commerce and Publicity will do for the whole State of Oklahoma what the Commercial Club is doing for the City, and even more, as it proposes to interest itself in all questions of a state-wide nature, such as Transportation, Freight, Express, Telegraph and Telephone rates; Taxation; the Emigration of Successful Farmers to Oklahoma; the suggestion of needed laws; the establishment of industries and other industries throughout the whole state; the development of the vast natural resources of the state; the perfection of a just and equitable system of taxation; the advertisement to the world of the advantages Oklahoma presents in Agriculture, Manufacturing, Commercial and its vast natural resources.

In order to successfully accomplish these ends there must be a united and concerted action in all parts of the state by men in all classes of business, there must be no west side against the east side. There must be no one industry or class of legitimate business selfishly working against the interest of any other in the matter of taxation or development. All must work for the public good and upbuilding of the whole state of Oklahoma.

The Coal, Oil, Gas, Lumber, Agricultural Commercial, and Manufacturing interests should be willing to each bear their just and equitable burden of taxation, but none should be compelled to bear more than its just proportion.

Every citizen should be interested in the development of each and every resource, and labor to avoid any and all discrimination. This association needs members in every Town, City and County in the State of Oklahoma, for the greater the membership of the State Board of Commerce and Publicity, the greater good can be accomplished. Its usefulness and benefits can be measured by its strength in membership and every public-spirited citizen of the commonwealth of Oklahoma should be a member.

Takes Oath as Judge.

Guthrie, Ok., June 22.—Thomas H. Owen of Muskogee took the oath of office as a member of the criminal court of appeals, vice Judge H. G. Baker, also of Muskogee, resigned. The oath was administered by Associate Justice Williams of the Supreme Court. Judge Baker and the court exchanged letters of regret, and in leaving the bench, the retiring member delivered an address, to which response was made by Judge Doyle.

Attending the proceedings were Gov. and Mrs. Haskell, Adj. Gen. and Mrs. Canton, Mrs. Henry Furman, Miss Furman, State Treasurer Menefee, Assistant Attorney Generals Spillman and Moore, Justices Williams, Hayes, Dunn and Turner of the Supreme Court; O. T. Smith, law clerk to Gov. Haskell; W. A. Ledbetter, chairman of the State bar committee, and Judge E. B. Perkins of Dallas, Tex. Gen. Baker becomes general counsel for the Mid-Continent Life Insurance company of Muskogee.

SECRETARY CROSS ON REFERENDUM

SAYS LEGALITY OF PETITIONS SHOULD BE PASSED UPON BY SUPREME COURT.

Not Safe to Incur the Expense of an Election Without Valid Referendum.

Guthrie, Ok., June 22.—Secretary of State Bill Cross issued a statement today regarding the referendum petitions filed by the Republican State committee upon the Taylor election law enacted by the last legislature, and suggests that it would be best for the people to have the legality of the petitions passed upon by the supreme court before an election is held. With this he cites the referendum vote upon the state dispensary question last November, which question the supreme court decided had not been submitted, as the people had generally understood.

Republican State Chairman Norris filed the referendum, according to the State's acceptance, on June 10, and a number of local democrats with in five days filed a protest, alleging that the law, by reason of carrying out provisions of the initiative and referendum, was in effect when signed by the governor on March 28. It was made the duty of the secretary of state to pass upon the protest and petitions, and, according to Secretary Cross, either party has the right of appeal.

After referring to the dispensary vote last November, which was a referendum by the legislature, the statement says:

"An intelligent people are presumed to profit by experience, and I am quite sure that Mr. Norris himself, as well as all of his committee, would prefer to have the legality of their petitions passed upon by the supreme court before an election is held thereon and large expense incurred.

"If their petitions are sufficient, legal in form and properly signed by a sufficient number of petitioners, they are entitled to vote of people. If they are not legal in form they certainly want to have question determined and correct their error before the people have been burdened with the expense of a campaign and an election.

"If Mr. Norris' petitions are sufficient, the secretary of state and the supreme court will no doubt sustain them. On the other hand, if these petitions are insufficient, the secretary of state and the supreme court will no doubt point out the defects, just as the supreme court did in the referendum on the dispensary law last year, and thus settle the question one way or the other.

"If they find the petitions to be good the governor will refer them to the people for a vote. If they find the petitions to be bad Mr. Norris' committee will have an opportunity to correct its work by filing such new petitions as the law provides."

Character of Losses.

The amendment will define the character of losses which may be deducted from the net earnings upon which the tax is to be collected. These losses will include bad accounts of a mercantile corporation, losses upon securities held by the banks, uncollectible notes and all other forms of bad debts which are usually charged to profit and loss accounts.

As has been stated before, the 2 per cent tax will apply to all corporations organized for profit, but each corporation will be allowed a \$50,000 exemption, which means that the tax will not be collected except upon earnings in excess of \$5,000.

Any corporation which makes a false report to an agent of the bureau of internal revenue, who has been designated to collect information regarding earnings or has made a fraudulent return upon any of the subjects covered by the law will be subjected to a penalty.

The tax will be collected on the entire amount of preferred and common stock of every corporation and upon the bonds of a corporation where they exceed the total amount of capital.

It is intended that the bill shall become operative immediately on passage of the bill. The life of the measure was made indeterminate, instead of two years, or some other fixed limitation such as had been originally suggested. The present year's tax will be collectible July 1, 1910, the beginning of the next fiscal year.

It was decided at the conference that all operating insurance companies organized for profit shall be brought within the terms of the proposed corporation tax law.

ADA NORMAL PLANS.

Plans Have Been Adopted—Construction Will Begin This Summer.

When Otis Weaver was in Guthrie lately he found out that the state board of Normal Regents had adopted plans for the East Central Normal to be located at Ada. President of Board of State Supt. Cameron stated that in all essential details the Ada building would be a duplicate of the Weatherford state normal. The building will be in size 25x108 feet three stories in height will contain 4 rooms will be constructed of pressed brick and finished in Carthage stone. It is the understanding that the state board of affairs will divert the funds at once and it is thought that by the 1st of August construction will have been begun.

WALKOUT WILL AFFECT 2,000

Strike to Be Called by Oklahoma City Building Trades Unionists to Aid Plumbers.

Oklahoma City, Ok. June 22.—At a meeting of the Oklahoma City Building Trades Council it was decided to call a strike on buildings in Oklahoma City where nonunion labor is employed with union men.

This action is to be taken in support of the journeymen plumbers who have for the last three weeks been trying to effect a meeting with the master plumbers for the purpose of arbitration.

The date for the walk out which will affect 2,000 laboring men was not decided. The executive committee is in session and may fix the date at any time.

Furman's Dinner at Guthrie.

Otis Weaver who returned last evening from Guthrie makes news relation of a very nice event occurring at the home of Judge Furman Monday evening. The occasion was a dinner given by the Furmans in honor of Judge H. G. Baker only that day retiring as one of the members of the criminal court of appeals. At the dinner was present Presiding Judge Furman's other distinguished colleague on the criminal court of appeals Judge Tom Doyle Governor and Mrs. Haskell Otis Weaver and S. Lipscomb Furman's secretary.

The numerous Ada friends of the Furmans who have in the past fed over at their always hospitable home will appreciate with what relish the guests must have partaken of this dinner of Mrs. Furman's preparation and with what niceness it was served. Sweet Miss Emma Jeane Cameron little daughter of State Supt. of Schools E. D. Cameron assisted the always captivating Miss Florence Furman in serving the dinner party.

Judge Baker in whose honor the dinner was given resigned from the state bench in order to accept the presidency of a million dollars insurance company lately organized in Oklahoma. Judge Tom Owen distinguished Muskogee lawyer has been appointed by Governor Haskell in his stead.

NOW COLLEGE GIRL

MISS HELEN TAFT STILL PURSUING HER STUDIES

Will Have Little Time for the Frivolities of Washington Society—College Customs to Rule at White House

When Miss Helen Taft Bryn Mawr college for women 1912 watched the inauguration of her father as president of the United States the college girl came into her own indeed into the highest social position in America. For the next four years at least the college girl will be featured in White House life.

The college girl of today is distinctive. And certainly Miss Helen Taft is just a little different from any other president's daughter who has gathered young friends around her in the capital's first mansion.

The college girl is bookish yet not a bookworm or blue stocking. The college girl is grammatical in speech but she has the jolliest chummiest jargon of slang that ever rolled from under a pink tongue. The college girl is a tremendous reader keeping right in touch with all the movements of the day yet she never neglects outdoor sports. The college girl is a social creature but she uses society and does not allow society to use her. And above all things she dresses simply and does not marcel her hair.

All these things is Miss Helen Taft—and more and there is no doubt that she means to establish college customs and entertain at the White House.

Just 18 is the new daughter of the White House and she will spend comparatively little time in Washington, for she is now in her sophomore year at Bryn Mawr and will have only such holidays as fall to the lot of other students. Incidentally Bryn Mawr is not the sort of college where a girl can shirk work or skip classes or lectures, so Miss Helen Taft's trips to Washington will be infrequent and brief.

This daughter of the new president is five feet eight inches in height with her mother's slenderness of figure and her father's dimpled chin. She has clear rather deep blue eyes and a trill of laughing light through you with them. Blue is her favorite color, dark blue for street wear dainty pale colorings for home and evening frocks. And just a touch of blue somewhere if her gown be white.

Miss Taft has her own way the tennis courts will not depart from the White House grounds with the passing of the Roosevelt regime for she is an ardent tennis player. She also swims and rides horseback and keeps up a good pace when walking with brother or father.

She inherits her father's keen sense of humor and his philosophic disposition which is extremely fortunate in a young woman who as the president's daughter must face many trying situations and perhaps some unnecessary and unjust criticisms. From her mother she inherits extremely good taste in dress and the fastidious will never be offended by seeing her appear in garish color combinations wearing jewelry and ornately dressing her hair as many girls of the day do.

Despite the fact that the Tafts have always been well to do Miss Helen was taught by her mother to cook and to sew. Her domestic accomplishments are not limited to making fudge and Welsh rabbit in a college study but she could step into her mother's shoes in an emergency and run the Taft menage without a hitch.

Unquestionably Washington's younger set will gain much by the acquisition of Miss Taft.

Senators Ride on Own Line

With the longest list of directors of any rapid transit line in the United States the United States Senate Underground Transportation Company began business in Washington the other day. The line is a subway system and its equipment at this time consists of one automobile. The route is an air line underground between the senate basement and the new senate office building. Every senator is a director making a list of 92.

Members of the house heard of the transportation facilities of the senate and almost foamed at the mouth. The house has a subway to its office building but up to this time its members have walked. Originally intended for a short electric line the subway has not yet been equipped. When representatives learned that the senators were taking for rides to and from the senate and the new building their indignation burst forth in flame.

The automobile used is open at either end and has a place for the operator in the center. It will carry ten thin or eight stout senators.

Librarian Kept Busy

John J. Boobar librarian of the house of representatives is preparing a card index of the Congressional Record. To index the speeches of the Fifty-ninth congress alone required more than 20,000 cards. Mr. Boobar was appointed librarian from Minnesota and brought to his position a remarkable fund of energy. He says that no attaché of congress is worked so hard as to be in danger of nervous prostration from overwork and that he thought the best way to utilize his spare time was by doing something useful.

AID TO MRS. TAFT

MISS ALICE BLECH CHOSEN FOR RESPONSIBLE POSITION.

Will Fulfill the Duties of Social Clerk to the Mistress of the White House—Post is Most Important.

Washington.—Women and men in the social world of Washington have watched with keen interest for the first indication of the manner in which Mrs. Taft would conduct the social side of her duties as White House hostess. Those who have known her best in her official life in the Philippines and in Washington pretty clearly foretold

just what would happen—the selection of a social clerk to execute her orders and the taking upon her own shoulders the full responsibility of the social side of Mr. Taft's administration as president.

After careful consideration Mrs. Taft selected Miss Alice Blech, until a few days ago a clerk in the bureau of American republics. She was so self-possessed, so modest, so business-like and so altogether capable that when brought to Mrs. Taft's attention she was promptly chosen. In outlining her work in a general way Mrs. Taft came to believe that a woman who would have to devote more than two-thirds of her time to assisting the nation's hostess in meeting guests, pouring tea, shopping, walking, driving, etc., as well as generally acting as chaperon for the younger members of the family, would have but little time to devote to the clerical work of the position. Besides, Mrs. Taft had said that she never had had a social secretary and never wanted one.

From all this it must not be inferred that Miss Blech will have no responsibility upon her shoulders. She will not take the initiative in anything, but she will have a man's work to do, and will perform the tasks which were usually divided among two or three men.

Miss Blech must have at her finger tips all of the necessary references in the way of social registers, diplomatic lists, congressional directories, etc. She must study the subject of precedence in its most serious phases, and she must sort the living from the dead.

There are thousands of letters sent to a president's wife every month, including congratulations, appeals for help, letters from business men, and

women soliciting trade, and letters from societies and organizations, and especially from church societies asking for some thing, like a handkerchief, an autographed picture or similar trifle, to be raffled. Answers to these will be dictated to or written by the secretary. Mrs. Taft has a large personal correspondence, including members of her family and intimate friends to all of whom she will write personally, as she has always done.

To Those Who Know.

I would have the mourners grieve all their sorrow out, and not stay from dwelling on their loss; without fully realizing this, they cannot begin to retrieve it. "Keep before you" I would conjure them, "the vision of the face, the form, you shall see no more on earth, and let it pass only of itself, hoping, longing for its return when it fades away. But do not frame this image from the memories of the dead in their hours of sickness, or even in the hours after pain when they take on the majesty and beauty of eternal peace. Those hours are but as instants in the long tale of the years that went before. Return in your tenderness, turn again in your despair, to the records of those happier years, and reconstruct from them the truer likeness of your beloved. See him gay and glad, full of life and purpose, of work and play, of jest and earnest, such as he veritably was, and do not wrong him by the presentment of his suffering or its mortal surcease. Make him your own again, by putting this out of your thoughts, and inviting into them the semblance of him when his life was the habit of your own, and he was most himself in some fortunate, some joyous moments."—William Dean Howells, in Harper's Bazar.

The Red Room a Quaint Place.
Under the new regime in Washington one of the most interesting spots in the White House will be the Red room, in which Taft will place his teakwood and silver gifts from other lands. The Red room is less crowded than any of the other state rooms, and has little in the way of accessories except the cabinet of ebony, filled with tiny Japanese figures, presented to the Roosevelt children by the Japanese ambassador, Baron Takahira. These figures would look better in a museum, and it is likely they will go there.

Now a Colonial Dame.

Mrs. William Howard Taft has been elected a member of a Connecticut society of the Colonial Dames of America, because of her descent from Gov. Welles, one of the early governors of the state. Her mother was Harriet Collins, whose maternal grandfather graduated from Yale in 1788. His wife was Charity Welles, descended from the governor.
